

Introduction to

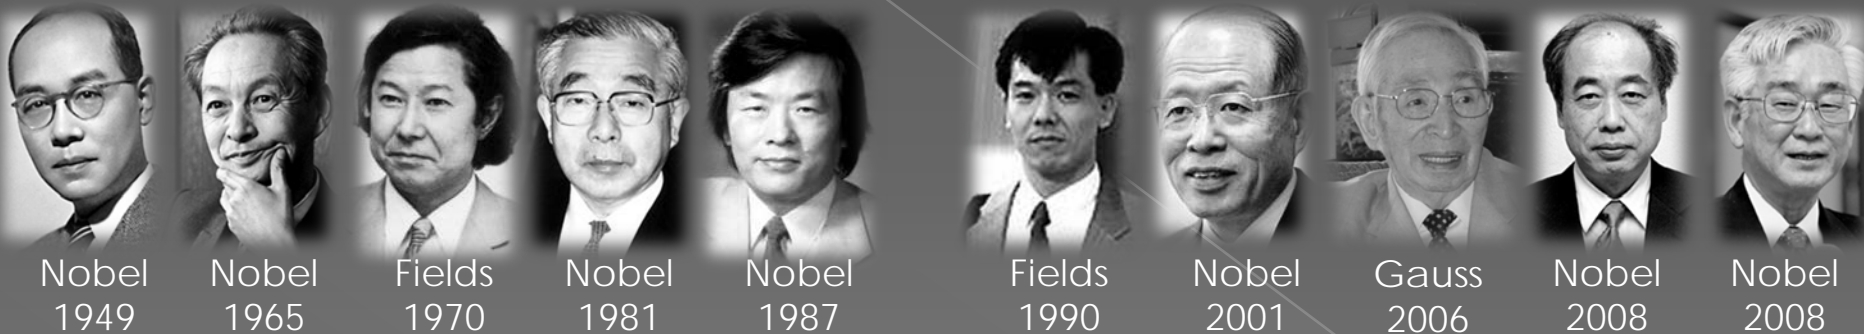

**Kyoto University  
and  
Graduate School  
of Informatics**

**Yoshimasa Nakamura, Dean**

# Kyoto University since 1897

◆ A hothouse that has produced a number of excellent and creative researchers in fundamental sciences from Prof. Yukawa and Tomonaga

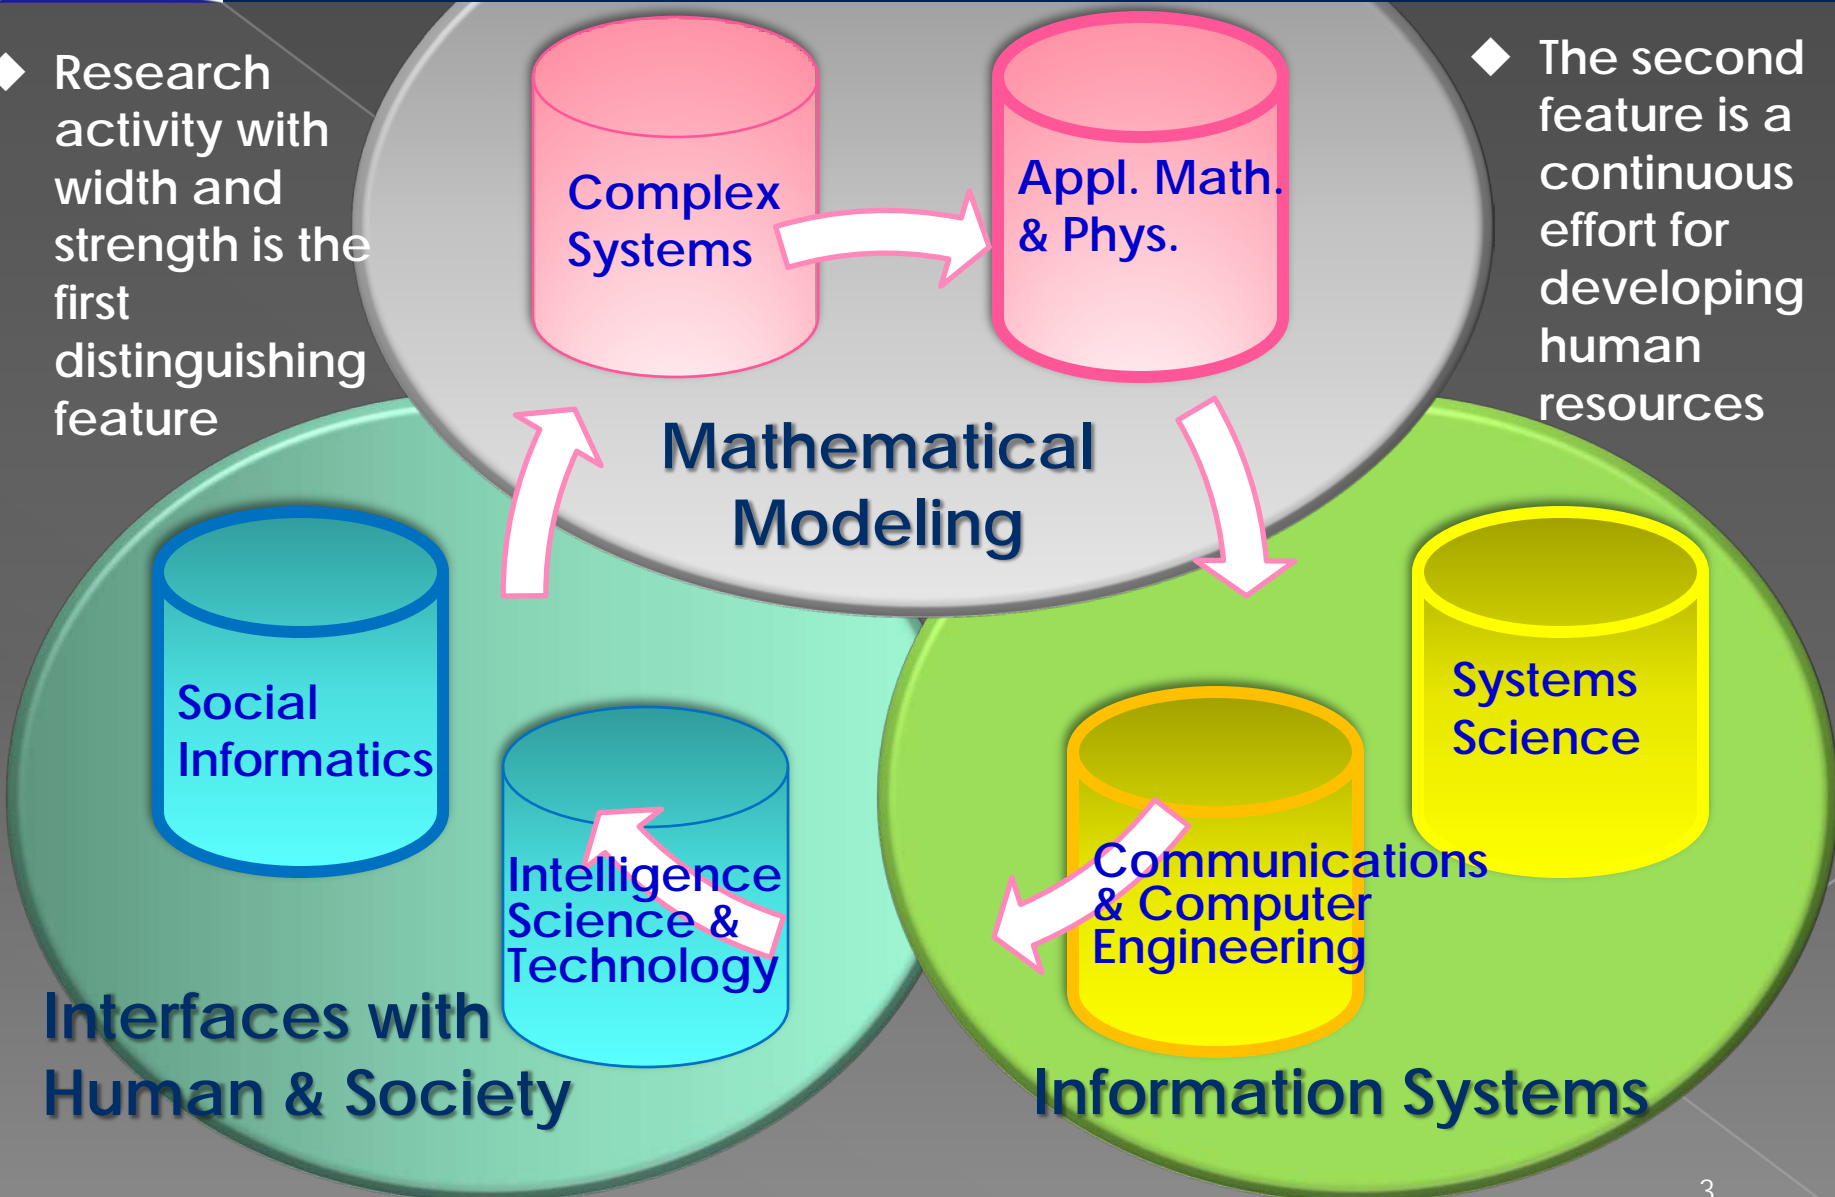

◆ Kyoto University will generate world-class knowledge through freedom and autonomy in research  
"Mission Statement"

◆ Research activity with width and strength is the first distinguishing feature

◆ The second feature is a continuous effort for developing human resources

◆ Overseas Partner Institutions in Asia
